STEEL SEAL HEAD GASKET REPAIR

Steel Seal is a unique mixture of chemical compounds that have been specially blended to react under sufficient heat and pressure to create a hardened seal in the damaged area of a head gasket or block, completely repairing a blown head gasket.

The brand where it all started...
Steel Seal, the core product of Automotive Brands, remains market leader with the highest success rate of any pour-in head gasket fix on the market.

The money-back guarantee...
We are so confident that Steel Seal will provide a fix, that we offer a lifetime money-back guarantee on every single bottle sold. Should a customer for any reason not experience a complete, permanent fix, they are welcome to claim their money back with Automotive Brands directly, allowing our stockists to keep all revenue and avoid any customer service-related hassle.

The formula...
Unique to Steel Seal, the formula in this product is a highly effective thermochemical combination, meaning that unlike other pour-in head gasket fixes, our product undergoes a thermochemical reaction once in the cooling system and exposed to the heat and pressure caused by a blown head gasket. This allows it to fill and repair the damaged area of the head gasket, solidifying to create a permanent fix which sets as strong as steel.

CAPACITY	473ml
PRODUCT CODE	SS

Steel Seal
HEAD GASKET FIX

HOW DOES STEEL SEAL DIFFER FROM THE COMPETITION?

1

HIGHER SUCCESS RATE

Steel Seal's unique formula has been modified and improved repeatedly over the last 20 years and this is why Steel Seal has the highest success rate on the market.

2

MONEY BACK GUARANTEE

There are no negatives to using Steel Seal. If Steel Seal repairs the head gasket the consumer has saved £100's. If it has not worked, we give them their money back.

3

THERMOCHEMICAL FORMULATION

Not only is Steel Seal a much cleaner and stronger fix due to its thermochemical formula, it has a higher tolerance to different coolants and will not cause clogging.

4

TECHNICAL SUPPORT

Our technical support team are always on hand to help. Essentially Steel Seal is a tool and sometimes some expert advice in how to get the best from a tool is needed.

5

FOCUS ON SELL-THROUGH

We know that having your car off the road can be inconvenient and stressful, so having to wait for that internet delivery isn't always an option. This is why our marketing focuses on helping the customer to purchase Steel Seal at a local store.

DELUXE EDITION

TAR & GLUE REMOVER

Power Maxed Tar Off dissolves unwanted residue from the paintwork of your vehicle. Perfect for the removal of tar build up, glue residue and rubber contaminants.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMTGR500

ALL PURPOSE CLEANER

Power Maxed All Purpose Cleaner contains active degreasing elements, which makes this product ideal for effective cleaning on a multitude of surfaces. Including engine bays, tool boxes and garage equipment.

Dilution: 80:1 concentrated, makes 40L of ready to use product

CAPACITY	500ml
PRODUCT CODE	PMAPC500

HEAVY DUTY PRE WASH

Power Maxed Heavy Duty Pre Wash is a vehicle cleaning and degreasing solution for the bodywork, alloys and steel wheels of any vehicle, including industrial equipment. Safe for use on rubber, plastic, alloy and glass.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMHD500

BIKE WASH & WAX

Tried and tested by some of the world's best motocross riders. Our Bike Wash & Wax is ideal for removing stubborn dirt and grime from your bike, with added Carnauba wax for long lasting protection and shine.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMBWW500

DELUXE EDITION

CARAVAN & UPVC CLEANER

Power Maxed Caravan & UPVC Cleaner contains foam boosters and detergents to effortlessly remove grime, oil and dirt as well as algaecides, which kill and remove moss and algae. The algaecide remains on the surface to prevent or slow the regrowth of further types of algae.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMCC500

ALLOY WHEEL CLEANER

Power Maxed Frequent Use Alloy Wheel Cleaner is an imperial wheel cleaner suitable for any wheel material, capable of shifting substantial contaminants and tough grime without acidic properties notorious for damaging wheels, especially diamond-cut.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMAWC500

BLIZZARD SNOW FOAM

Blizzard Snow Foam is a pre-wash aid which cleans and degreases in one operation, creating a blanket of foam which reacts with the surface contaminants, encapsulating and lifting them from the surface. To be used with a foam lance or foam sprayer.

Dilution: 33:1 concentrated, makes 17L of ready to use product

CAPACITY	500ml
PRODUCT CODE	PMSF500

VG GLASS CLEANER

Power Maxed VG Glass Cleaner has been formulated with vapers in mind. This product removes the stubborn build-up of Vegetable Glycerine which is found in e-cigarette liquids. Providing gentle and effective cleaning of your screen, with long lasting protection against oils. Our VG Glass Cleaner helps to provide reduced 'fogging' and improved visibility for vapers.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMVGG500

DELUXE EDITION

GLASS CLEANER

Power Maxed Glass Cleaner is a cleaning product designed to quickly and easily remove any amount of even the toughest grime, bug splats and resin from glass such as the windscreen, windows and mirrors.

Dilution: Ready to use

CAPACITY

500ml

PRODUCT CODE

PMGC500

CAR WASH

Power Maxed Car Wash is a professional PH neutral liquid-based detergent with added foam boosters for a fast-acting clean with a lasting shine.

Dilution: Ready to use

CAPACITY

500ml

PRODUCT CODE

PMCW500

DELUXE ALLOY WHEEL CLEANER

Deluxe Alloy Wheel Cleaner is an advanced reactive formula which targets and oxidises iron-based contamination, such as brake dust. It is suitable for use on all exterior surfaces, including paintwork, stainless steel, aluminium, chrome, glass, plastic, anodised finishes and rubber, and contains strong de-greasing agents to help loosen general grime too, making it an all-round decontaminant.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMDWC500

UPHOLSTERY & CARPET CLEANER

Power Maxed Upholstery Cleaner is a high strength, fast acting, deep cleaning formula, which will remove dirt, stains and odours from all types of upholstery including fabric, leather and carpets leaving a fresh clean fragrance.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMUCC500

DELUXE EDITION

SHAMPOO & ULTRA WAX

Shampoo & Ultra Wax contains foam boosters and strong detergents to easily lift dirt away from the surface of the vehicle, meaning minimal scrubbing is required, which means happier paintwork.

Dilution: 250:1 concentrated, makes 125L of ready to use product

CAPACITY	500ml
PRODUCT CODE	PMSH500

TYRE SHINE

From just one application, Power Maxed Tyre Shine enhances the appearance of tyres with a high shine and glossy finish which dries dry to the touch. Multiple applications can result in a deeper shine.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMTS500

RESTORE TRIM DRESSING

Power Maxed Restore Trim Dressing is specially formulated to restore exterior surfaces, giving you that 'new' look. Providing protection to exterior trim and bumpers alike, whilst leaving a beautiful, deep, gloss finish.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMRTD500

LEATHER CONDITIONER

Power Maxed Leather Conditioner contains gentle moisturising elements to effectively clean and restore leather surfaces. Formulated with subtle scented soaps to rejuvenate your leather, whilst conditioning and restoring, ensuring longevity.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMLC500

DELUXE EDITION

INTERIOR MATT FINISH

Power Maxed Interior Matt Finish effectively removes dirt and dust from the interior of your vehicle. This product is silicone free and is suitable for use on plastic and vinyl surfaces.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMIMF500

INTERIOR SHINE

Power Maxed Interior Shine has been formulated to gently remove dirt from interior surfaces whilst leaving a non-sticky, glossy finish. Subtly fragranced and suitable for use on plastic, rubber, wood and vinyl surfaces.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMIS500

QUICK DETAILER

Quick Detailer is a gloss-enhancing, speed detailing spray. Suitable for daily use, this product can be used to remove fingerprints, dust and water spots. Our unique formula repels water and protects the paintwork, as well as removing light dirt and even tree sap. Suitable for use on all vehicles and bike helmets too.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMQD500

CERAMIC ULTRA SEAL

Our unique Ceramic Ultra Seal redefines what you expect from a detailer, developed with the same active SiO_2 content as our Tsunami Wax, giving unparalleled gloss and hydrophobic protective properties. The active SiO_2 content extends the durability and hydrophobicity of existing coatings, applied wet or dry, the spray can be wiped on and off in minutes, leaving a long lasting high gloss finish.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMCUS500

DELUXE EDITION

HIGH GLOSS PAINT SEALANT

High Gloss Paint Sealant is an easy-on, easy-off sealant for those who want nothing but the best protection, durability, shine and beading. It can be used on the entire vehicle including glass, plastics, alloys, steel and rubber.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMPS500

RAIN OFF GLASS SEALANT

Rain Off Glass Sealant is a hydrophobic sealant which bonds to the glass to repel water and cause beading. This means that when being driven at speeds over 30mph, water runs off the glass naturally, minimising use of the wipers and therefore increasing the life of the wiper blades.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMGS500

ULTRA FINISHING POLISH

Power Maxed Ultra Finishing Polish has a unique formula containing PTFE to leave a smooth, deep, glossy glaze. Resulting in head-turning paintwork.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMUFP500P1

SCRATCH & SWIRL REMOVER

Power Maxed Scratch & Swirl Remover is a micro-abrasive polish which gently cuts through the very uppermost micro-layer of paint to provide an even, smooth paint finish ready for waxes and/or sealants to do their work.

Dilution: Ready to use

CAPACITY	500ml
PRODUCT CODE	PMDCP500P1

THE TOUCHLESS START

Pre-washing is an essential stage of preparation needed before you commence 'cleaning' your vehicle. This will loosen or expel any dirt that is caked onto the vehicle and helps to reduce the risk of scratches and swirl marks during contact cleaning.

PRE-WASHES

PRE-WASHES

BLIZZARD SNOW FOAM

- Gentle pre-wash
- Pulls away large contaminants
- Use with foamer or foam lance

Perfect for: The entire exterior of any vehicle

HAVE YOU TRIED?

CUTTING DOWN EMISSIONS FOR BOTH PETROLS AND DIESELS IN ONE BOTTLE

Catalytic Cleaner will protect your vehicle against carbon build-up and clogging, which can lead to failure of your engine and exhaust system parts. Catalytic Cleaner can be used to assist with your MOT inspection and is proven to bring down emissions by up to 60%.

CAPACITY	500ml
PRODUCT CODE	PMCAT

DE-CONTAMINATION

TAKE IT BACK TO SQUARE ONE

An often-overlooked stage of the cleaning procedure. De-contamination is one of the most important stages to reach your perfect finish. De-contamination of the vehicles surface means a greater bond of polish, sealants and waxes to the paintwork, thus giving a longer lasting shine and protection!

DE-CONTAMINATION

IRON OFF FALLOUT REMOVER

- Changes colour as brake dust is broken down
- Safe for use on modern paints
- Contains general detergents too

Perfect for: Removing brake dust, removing iron contaminants from wheels and paint

Dilution: Ready to use

500ml	1L	5L	25L	210L	IBC
PMFR500P1	PMFR1000P1	PMFR5000P1	PMFR25P1	-	-

TAR OFF

- Dissolves tar, bitumen, glue
- Safe for use on modern paints
- Safe for use on non-porous vinyl

Perfect for: Removal of tar, glue, decals and vinyl wraps

Dilution: Ready to use

100ml	500ml	5L	25L	210L	IBC
-	PMTO500P1	-	PMTO25P1	-	-

FINE AND MEDIUM GRADE POWER CLAY

- De-contaminates paintwork
- For use with Quick Detailer
- Fine and Medium Clay available for various contamination levels

Perfect for: Removing brake dust, removing micro-contaminants from paint, preparing for vinyl application, preparing for repainting

100g Fine	100g Medium
PMCLAYFINE	PMCLAYMEDIUM

TIPS FOR YOUR CUSTOMERS

Use [Iron Off](#) and rinse away before claying to get more out of your clay bar.

WHAT IS CLAYING FOR?

Paintwork collects micro-contaminants such as brake dust and more. This can stop waxes and sealants bonding to the paintwork, and can affect gloss and shine. Using a clay bar pulls the contaminants away from the paintwork leaving it completely smooth, clean and ready for polish and protection.

WHEEL CARE

YOUR CAR, OUR CARE

Cleaning your wheels can be a tricky task, so a good quality formula is vital.

Power Maxed frequent use wheel cleaner is the best all-round wheel cleaner for maintaining clean wheels on a day to day basis. However, if you do end up with heavily soiled wheels, a slightly more aggressive course of action might be needed. This is where you turn to our acidic wheel cleaner for a deeper clean, specially designed to breakdown soil and grime that can build up over time.

Finish with our matt finish tyre dressing for that new tyre look or our tyre shine for a showroom quality shine.

WHEEL CARE

ALLOY WHEEL CLEANER

- Can be used daily
- Contains powerful detergents
- Minimal agitation required

Perfect for: The entire exterior of any vehicle

CLEANEST WAY TO A DIRTY JOB

Every valeting enthusiast needs a top quality shampoo in their arsenal and after using Power Maxed Car Shampoo with its foam boosting technology your vehicle will outshine anything else on the road.

We add carnauba wax to our Shampoo and Bike wash to offer a layer of protection against the elements with an extra glossy shine!

WASHES

WASHES

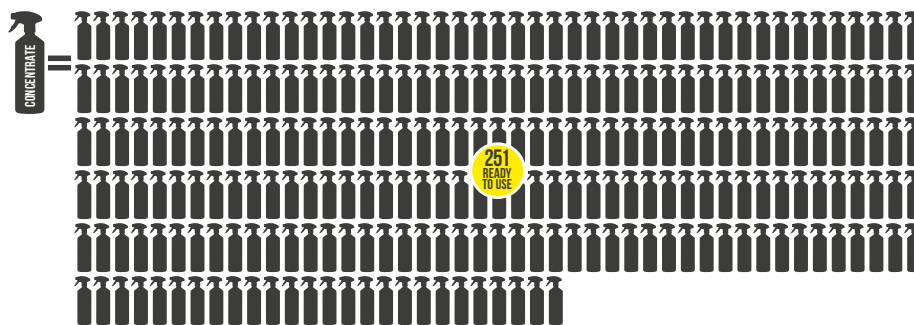

SHAMPOO & ULTRA WAX

- 2-in-1 wash and wax
- Contains Carnauba wax for ease of rinsing
- Contains foam boosters for ultimate cleaning power

Perfect for: Removing contaminants from the entire vehicle

Dilution: 250:1 concentrated; 1L of concentrated formula makes 251L of ready to use product

25ml	1L	5L	25L	210L	IBC
CSUWRTU-SACHET	CSUWRTU	CSUW5000	CSUW25000	CSUW210L	CSUWIBC

TIPS FOR YOUR CUSTOMERS

- ◆ Use two buckets; one for **Shampoo & Ultra Wax** with water, and another with just water for rinsing the wash mitt
- ◆ Use a grit guard to keep sediments at the bottom of the bucket and well away from the paintwork
- ◆ Clean the top half of the car first, then empty and refill both buckets for the bottom half

BIKE WASH & WAX

- Foam-boosting
- Gentle yet effective
- Contains Carnauba wax to protect paintwork

Perfect for: Motorbike paintwork and exterior components

Dilution: 1L ready to use, 20:1 concentrated; 1L of concentrated formula makes 21L of ready to use product

TIPS FOR YOUR CUSTOMERS

THE RECIPE FOR A DEEP, GLOSSY SHINE

- ◆ Spray **Deluxe Alloy Wheel Cleaner** over wheels and lower bodywork
- ◆ Spray **Heavy Duty Pre Wash** over entire vehicle, including roof
- ◆ Rinse away
- ◆ Apply two buckets of **Shampoo & Ultra Wax** solution with a wash mitt, upper half first
- ◆ Rinse away
- ◆ Use **Medium Clay Bar** to de-contaminate all paintwork, using **Quick Detailer** as lubrication
- ◆ Dry vehicle, buffing away **Quick Detailer** residues
- ◆ Apply **Ultra Finishing Polish** with a microfibre polish applicator, buffing away to a deep, glossy shine
- ◆ Apply **Tsunami** wax to paintwork for a stellar shine and ultimate protection
- ◆ Apply **Ceramic Ultra Seal** to paintwork for nano-protection

- Evaporates quickly
- Made from virgin solvents

Perfect for: Brakes, clutches, tools

CAPACITY	500ml	5L
PRODUCT CODE	PMBC500SC01	PMBC5000C01

PENETRATING SPRAY OIL

- Frees seized components
- Very low viscosity
- Penetrates even seized parts

Perfect for: Classic car projects, restoration projects

CAPACITY	500ml
PRODUCT CODE	PMPO500SC10

SHOCK & UNLOCK

- Cools to -35°C
- Free corroded or stuck parts
- Undo seized parts

Perfect for: Classic projects, industrial use, restoration projects

CAPACITY	500ml
PRODUCT CODE	PMSU500SC11

ENGINE DEGREASER

- Powerful degreasing properties
- Cuts through thick grime
- Removes stubborn contaminants

Perfect for: Engine bays, motorbike engines, tools

CAPACITY	500ml
PRODUCT CODE	PMED500SC04

AEROSOLS & LUBRICANTS

ELECTRICAL CLEANER

- Precise application
- Safe for use on circuit boards
- Restores conductivity

Perfect for: Circuit boards, on-board computers

CAPACITY	500ml
PRODUCT CODE	PMEC500SC03

CARB CLEANER

- Clears fuel dregs
- Dissolves fuel, oil and grease
- Powerful, easy cleaning

Perfect for: Carburettors, injectors, throttle bodies

CAPACITY	500ml
PRODUCT CODE	PMCC500SC02

SILICONE LUBRICANT

- High silicone content
- Suitable for use on all materials
- Disperses water

Perfect for: All-round lubrication

CAPACITY	500ml
PRODUCT CODE	PMSL500SC08

CHAIN LUBE & WAX

- Long-lasting lubrication
- Anti-fling
- Contains wax for chain protection

Perfect for: Motorbike chains, push-bike chains

CAPACITY	500ml
PRODUCT CODE	PMCL500SC09

AEROSOLS & LUBRICANTS

5-IN-1 MULTI LUBE

- Cleans and degreases
- Lubricates and protects
- Inhibits rust and is water-repellent

Perfect for: Lightweight, long-term lubrication

CAPACITY	500ml
PRODUCT CODE	PMML500SC40

WHITE GREASE

- Long-lasting lubrication
- Contains PTFE
- Wide temperature range

Perfect for: Race-grade lubrication, resilient greasing properties

CAPACITY	500ml
PRODUCT CODE	PMWG500SC05

CLEAR GREASE

- High load-bearing resistance
- Long-lasting lubrication
- Dries clear

Perfect for: Lubrication in visible places, parts under heavy load

CAPACITY	500ml
PRODUCT CODE	PMCG500SC06

COPPER GREASE

- Enhances conductivity
- Contains graphite for added lubrication
- Protects from salt water corrosion

Perfect for: Battery terminals, boat parts, cars near the coast

CAPACITY	500ml
PRODUCT CODE	PMCG500SC07

FOR THE CLEANING YOU DON'T SEE

Many of us will focus on the physical aspects of our vehicles but neglect the internal workings of the car.

Power Maxed Additives offer everything from improving your engines efficiency to fixing a cracked radiator.

ADDITIVES

ADDITIVES

DIESEL PARTICULATE FILTER CLEANER

- Lowers combustion temperature of diesel
- Encourages DPF regeneration
- Increases power and air flow

Perfect for: Vehicles with a clogged DPF, sluggish diesel vehicles

CAPACITY	325ml
PRODUCT CODE	PMDPF

DIESEL INJECTOR CLEANER

- Contains combustion enhancers
- Breaks down fuel dregs
- Improves engine functionality

Perfect for: Noisy, sluggish diesels, improving MPG

CAPACITY	325ml
PRODUCT CODE	PMDTIC

PETROL INJECTOR CLEANER

- Contains combustion enhancers
- Allows complete burn of petrol
- Reduces engine noise and improves MPG

Perfect for: Loud, inefficient petrol engines, removing fuel dregs

CAPACITY	325ml
PRODUCT CODE	PMPTIC

ENGINE FLUSH

- Oil additive
- Removes contaminant deposits
- Cleanses oil channels

Perfect for: Oil changes, services

CAPACITY	325ml
PRODUCT CODE	PMEFT

ADDITIVES

ENGINE OIL STOP LEAK

- Hydrates and replenishes seals
- Prevents future leaks
- Reduces oil consumption

Perfect for: Fixing oil leaks

CAPACITY	325ml
PRODUCT CODE	PMEOSL

HYDRAULIC VALVE TREATMENT

- Lubricates sticking valves
- Reduces engine noise
- Removes some oil contaminants

Perfect for: Petrol or diesel cars with loud engines and/or low power

CAPACITY	325ml
PRODUCT CODE	PMHVT

RADIATOR STOP LEAK

- Seals radiator leaks
- Permanently repairs holes in the radiator
- Reduces coolant consumption

Perfect for: Sealing leaks in the radiator of any vehicle

CAPACITY	325ml
PRODUCT CODE	PMRADST

RADIATOR FLUSH

- Removes rust and sludge
- Clears old additives from the cooling system
- Safe with rubber hoses and plastic

Perfect for: Flushing coolant

CAPACITY	325ml
PRODUCT CODE	PMRADF

ADDITIVES

STOP SMOKE OIL TREATMENT

- Enhances oil viscosity
- Aids worn components
- Reduces blue/black smoke

Perfect for: Reducing blue/black smoke, improving MPG

CAPACITY	325ml
PRODUCT CODE	PMSSOT

STOP LEAK & SLIP

- Replenishes gearbox seals
- Reduces fluid consumption
- Stops auto gearbox slips

Perfect for: Improving auto gear changes, preventing fluid loss

CAPACITY	325ml
PRODUCT CODE	PMASL

POWER STEERING STOP LEAK

- Hydrates worn seals
- Prevents future leaks
- Reduces power steering fluid consumption

Perfect for: Reducing steering whine and uneven power steering

CAPACITY	325ml
PRODUCT CODE	PMSSL

DIESEL TURBO CLEANER KIT

- Clears limp mode
- Dissolves carbon deposits
- Improves MPG and turbo functionality

Perfect for: Clearing limp mode, increasing engine efficiency, increasing power

CAPACITY	Kit
PRODUCT CODE	TURBO5PCK

SIMPLY POUR & GO

POWER MAXED COOLANT SEAL permanently seals leaks in engine blocks, cylinder heads, radiators, freeze plugs and heater cores. Coolant Seal mixes with all types of antifreeze; just pour and go.

As used by The AA on roadside breakdowns.

CAPACITY	250ml
PRODUCT CODE	PMCSEAL

NO FLUSHING - JUST SIMPLY POUR & GO

COOLANT SEAL™

- With **Carbon Fibre** for added strength
- Block & head gasket sealer
- Radiator stop-leak

PERMANENT COOLANT LEAK REPAIR

- ONE BOTTLE TREATS UP TO A 4 LITRE ENGINE
- MIXES WITH ALL TYPES OF ANTIFREEZE
- ALSO FOR WATER PUMP, HEATER CORES AND FREEZE PLUGS

100% MONEY BACK GUARANTEE

ADHESIVES

A BOND THAT LASTS

Sometimes super glue just won't cut it. Our specialised adhesive range offers a wide range of adhesives that are perfect for joining dissimilar materials or repairing objects that a simple super glue just can't handle. Power Maxed adhesives can get you out of any sticky situation!!

ADHESIVES

SPEED BOND

- Fast repairs to most materials
- Filling metal castings and automotive parts
- General household repairs
- Strength 1000 PSI

Perfect for: metal, ceramics, most plastics, glass, wood, fibreglass, leather, and more.

CAPACITY	2x 15ml
PRODUCT CODE	PM8276

STEEL POWER EPOXY

- Strong repairs to most materials
- Filling metal castings and automotive parts
- General household repairs
- Strength 2500 PSI

Perfect for: metal, ceramics, most plastics, glass, wood, fibreglass, leather, and more.

CAPACITY	2x 15ml
PRODUCT CODE	PM8265

STEEL POWER EPOXY

- Strong repairs to most materials
- Filling metal castings and automotive parts
- General household repairs
- Strength 2500 PSI

Perfect for: metal, ceramics, most plastics, glass, wood, fibreglass, leather, and more.

CAPACITY	28g
PRODUCT CODE	PM8265RS

PLASTIC BOND

- Fast repairs to hard plastics
- Fixing carbon fibre panels
- Bonding marine GRP
- General household repairs
- Strength 4000 PSI

Perfect for: most plastics, ceramics, glass, rubber.

CAPACITY	28g
PRODUCT CODE	PM50132

ADHESIVES

STEEL REPAIR PUTTY

- Rebuilding engine parts
- Sealing leaks
- Filling holes and cavities in metal objects
- Full cure in 1 hour

Perfect for: steel, copper, brass, aluminium.

CAPACITY	50g
PRODUCT CODE	PM8267

THREADLOCKER HIGH STRENGTH TWO:27

- Increasing assembly strength
- Eliminating double-nutting or welding
- Allowing permanent threaded assembly

Perfect for: threaded assemblies.

CAPACITY	10ml
PRODUCT CODE	PM22710

HAVE YOU TRIED?

A TEMPORARY REPAIR TO GET YOU HOME

- Suitable for any car or small van tyre
- Foam can be removed from tyre after use
- Injects to approx. 2.5bar (36 PSI) for inflation and repair
- Ideal to keep in the glove box or boot for any new or vulnerable driver
- Very easy to use and gets you back on the road in less than 3mins

CAPACITY

500ml
